

Rebuilding Our School Community

Navigating the New Normal & Preparing for the Future

Social and emotional learning (SEL) isn't just for students. It's for educators and staff, too — especially in the COVID era.

Rebuilding Our School Community is a day-long professional-development program to help guide the ongoing re-opening of schools by focusing on:

- ✓ SEL needs for individual educators and staff
- ✓ Healing-centered engagement for students, educators, and staff
- ✓ Whole-school approaches to mindfulness, health, and wellbeing

Rebuilding Our School Community is available in-person or live virtually.
